San Francisco Bay Area

UX PROJECTS

UX Designer · SF Department of Public Health
09/2019

- Designed web app to solve problem of food insecure residents wanting to find resources and services
- Interviewed users to understand wayfinding and traffic patterns to optimize user experience
- Conducted usability testing and drove design iterations based on testing results and data analysis

UX Designer · Concept Project at General Assembly
08/2019

- Created a mobile app/IoT solution to improve user health by aggregating total screen time across devices
- Developed concept sketches and interactive wireframes to collect feedback and influence design decisions
- Collaborated on establishing a design system with redlines, color, typography, and imagery

WORK EXPERIENCE

Manager, Regulatory Affairs Labeling · Gilead Sciences
07/2015 - 07/2019

- Implemented automated process improvement initiatives, reducing time spent on task by ~50%
- Collaborated with engineers and product manager to routinely upgrade web-based tracking system
- Managed drug labeling for 5 products, resulting in FDA marketing approval or expanded indications

Regulatory Affairs Rotational Associate · Gilead Sciences
06/2013 - 06/2015

- Created and tracked submission timelines achieving 100% on-time submission rate to FDA
- Oversaw development of submission dossier enabling rapid initiation of first-in-human clinical trials

Assistant Language Teacher · Japan Exchange & Teaching (JET) Program
08/2007 - 08/2009

- Created and effectively team-taught English lessons to over 1,200 students between the ages of 5 – 14
- Served as ambassador to promote cultural exchange and community engagement
